Welcome Week

2015

Welcome Week was a great experience for me. I got to meet new people, make new friends, explore the campus, and get connected to tons of campus resources and programs. Overall, I feel much more comfortable being at the University and prepared to start my life as a college student.

- WW Participant

Welcome Week literally did just that, welcomed me into the new community of which I will be a part of in the years to come.

- WW Participant

Welcome Week was helpful in allowing me to find my way around campus before the start of class. Without Welcome Week, I think we would all get lost on the first day of class.
