2009 Fall Check-In Survey Report

All surveys:

Number of surveys = 411
Number of completed surveys = 134
Percent of surveys completed = 32.60%
Number of people who have asked to be removed from survey pool = 0
Number of bad email addresses = 0
Number of inactive UofM email addresses = 0
Number of inactive UofM email addresses where survey was completed = 0

Full Report:

8. How did the program help you become more familiar with campus?

campus and friends

It told me about things going on around campus that I could go to.
It helped introduce navigating the campus to help us feel more comfortable during the year.
Showed where everything was

It didn’t as I participated in the 3M IT Summer Bridge Program so I was already here for the summer session.
It allowed me to help find my way through a lot of the campus programs and information available to me as a UoM student on the internet which I otherwise wouldn’t have done.

It didn’t, I answered what I could with no work to win stuff.
I felt that it benefitted me so that I knew what to expect in college. I thought it was fun. :)
I learned about things I didn’t know were available on campus.

I really don’t think the Kick It! activities were necessary, it just took away more time to meet people and explore campus on our own.

It didn’t really--I just answered the questions I already knew.

got to walk around.

Yes, it was a very fun way to learn my way around campus.
I learned what buildings housed programs and what they offered.

pretty good, kind of knowing the campus more

I learned my way around campus and also found where some useful resources were.

Some of the question required research on certain websites, which helped me explore the University a little more.

it helped me explore

Helped me to remember many resources available here on campus while offering me incentives! YAY
I became more aware of services available.

Well, it had a lot of helpful information about the campus.
just helped me interact with other students

I learned where the different studying area was so I knew where to go when I needed to study
I learned where all the halls and classes were and became very comfortable with the campus in general.

it helped me learn more about the resources available to me

It didn't help me become more firmiliar with the campus, welcome week covered all of that.

very good program

Got me more acquainted with shortcuts I could take and showed me different routes to get to places.
