ACES provides an opportunity to regularly interact with urban youth in the Twin Cities in a classroom/small group setting. Volunteering with ACES is ideal for those interested in teaching or wanting to build upon their youth work experience. ACES volunteers assist our paid staff with classroom activities, homework time, and field trip opportunities. We provide training and have an in-depth support structure in implementing our hands-on curriculum. The timing (after-school time, 2:30-5 or 3:30-6:00, depending on site) is ideal for many U of M students and our various locations around the Twin Cities allow for flexibility in committing to a school. Join us for a fun-packed year or semester of learning!
