#### 4. Why did you choose not to live on-campus in a University Residence Hall or Apartment?

I already have an established home off campus.

Cheaper

It's much cheaper for me to live at home.

I already had plans to live with roommates near campus in an apartment.

I dislike the huge size of the residence halls, their stifling of living, and the enormous cost associated.

costs less to live at home

I wasn't sure, because since I thought I live in state and only a 30-45 min drive, I didn't have to, but after noticing that it was going to be difficult, I happen to live with my aunt and cousin, whom live near the U.

My house is far too close to campus for me to justify paying more than \$5,000+ per year to live on-campus.

I had friends who had space for someone in an off-campus apartment.
